Please don039t take your bicycle to the dump I will collect it for restoration or parts (0

South East, Surrey Location https://www.freeadsz.co.uk/x-496007-z

Hi, I'm sick of seeing the stacks of bicycles at the tip yet there's a lot of people that need a bike but haven't a lot to spend so I take old bikes that people don't want fix them up paint them if nessesary and sell them at very affordable prices. It saves you loading it up and hauling it to the tip I earn a small profit and someone gets a very cheap bike. Even if you think it is beyond repair I can use the parts. many thanks:
