

Gaming PC NEW (700 GBP)

Location

Scotland, West Lothian<https://www.freeadsz.co.uk/x-496017-z>

CALL OR TEXT ME ON - 07521240070 075212400...(click to reveal full phone number)

Gaming PC here, 1 month old, mostly used for Uni work and light gaming. I paid 1000 for it so 700 seems like a fair deal to me since its basically new.

Components:

CPU - i5 6500 Skylake LGA 1151 (2016)

Motherboard - ASUS Mini ITX board (the case will fit all sized boards)

RAM - 2X4GB 2133mhz DDR4

HDD/SSD - 1TB Seagate Barracuda and a 128GB Sandisk SSD

GPU - Nvidia GTX 1060 OC

PSU - XFX 430W 80+ Bronze certified (its sipping 250w of power at load so its extremely efficient)

Case - Bitfenix Nova white with window on side panel as seen in photo and comes with 3 red LED fans from Cooler Master.

No single part buy, must buy whole rig.

If you're contacting me via mobile, text me, dont phone, thank.
