The 2006 Peugeot Boxer Chassis is in great condition and the 2.0 HDI diesel engine is very powerful, economic and jumps into life first time. Only 31.000 miles. The gearbox has no issues and changes without problem. The interior is very smart and comes with the central lounge that can make a double bed with ease. There is also a large double bed above the cab area. All the appliances such as hot water, heating, shower, toilet, full size cooker all work with no issues and the van is well heated and insulated. The drivers compartment has the swivel seat and there is a fold down section behind the drivers seat for added leg room. The exterior is in great condition and has the wind out awning with legs. There is also a very useful rear storage box mounted underneath the rear bike rack and rear ladders. The cambelt was replaced in 02/2016. The exterior is in great condition and has the wind out awning with legs. There is also a very useful rear storage box mounted underneath the rear bike rack and rear.
