COMPONENT

200mL syrup	PRODUCT CODE	ACITSY	DESCRIPTION	ALTACURA INFLUTUSS®
<p>soothes and protects the body helping to boost the immune system when there are climate changes, especially during the winter months when the body must resist to all types of aggressions. Cough is one of the main symptoms when one suffers from cold and flu. Altacura cough syrups are superior to medicinal cough syrups since Altacura acts both on the cough and the cold symptoms. Medicinal cough syrups usually act only on the cough and do not have ingredients that help the body fight cold and flu. Propolis is a sticky substance used by the bees to disinfect their hives; is becoming the most popular substance worldwide to combat the common cold. Propolis has been found to be very effective in the prevention and treatment of colds because apart from being antibacterial, it is also antiviral and has anti-inflammatory and antioxidant effects. Propolis is a powerful immune booster and helps your body to protect itself against illness.</p> <p>KEY POINTS</p> <ul style="list-style-type: none"> • Acts both on the cough and the cold symptoms • Has ingredients that help the body fight cold and flu • Can be given to children who have problems in swallowing tablets • Should be used as a prophylaxis in people who need to strengthen their defence e.g teachers, health care professionals, etc...
