## Looking for 15.2 or larger horse to share. (12,345 GBP)

Hello, my name is Robyn and I am 23. I am looking to get back into riding after a 6 year break. My family had horses and I rode regularly when I was younger, am confident hacking, basic schooling and popping jumps, but am just out of practice.

My aims are to find a horse to ride and progress with flatwork in the school, and potentially have some lessons with a view to competing in some unaffiliated competitions. I would also like to get back into jumping and go to fun rides and XC. I would generally work from 10 to 7 pm so mornings are better for me. Please don't hesitate to ask any questions.

Thank you for reading, .
