In excellent condition with box. The Mad Catz Xbox 360 Wireless Racing Wheel is a great deal of fun! With fully functioning racing pedals (break and accelerate), an interchangeable gear shift to cater for left and right handed drivers, lap support and desk clamp. It also features paddle gears, which give you the edge in games like Forza and F1. This wireless racing wheel provides a lag-free response of up to 40ft and also comes with an integrated headset port so you can stay in touch with your friends online on Xbox LIVE. What's also great, is that you can also connect to Windows 7, 8, 8.1 and 10 with a Microsoft Xbox 360 receiver. Don't hesitate to get in touch if you have any.
