Servicing the North West.

Restoring stone across the whole of Merseyside in both commercial and residential sectors. We have been highly recognised for achieving high quality results and flawless finishes to all our projects. Regardless of the age or condition, all natural stone can be brought back to its original state and lustre. Restoring your stone work not only saves you in the cost and time of replacing it in the future but adds to its value and is aesthetically pleasing to all. Please visit our website and discover a wide range of projects that we have completed including photos and videos of our work.
