TRIBUTE 669 PANEL VAN, Compact enough for everyday use, the 669 is perfect if you just feel like carrying on driving and escaping for a few days. There are two forward facing additional travel seats as standard, which, when combined with the collapsible and extendable dining table and the cab's swivelling Captain's chairs, create a comfortable dining area for four. The galley kitchen is well appointed, with hot and cold running water, a two burner gas hob, full sized oven/grill and large refrigerator with freezer compartment. The wet room style washroom includes a 12v flushable toilet, sink, large mirror with LED lighting above, cupboard and a shower, featuring domestic style controls and full surround shower curtain. The clever sink design allows for it to be slid to the side to create more shower space. The rear of the 669 features an "always available" double bed, with the option of utilising an additional double bed above. With pocket storage, dimmable LED lighting and individual reading lights, you can be assured of a good night's sleep. The beds can be quickly folded away, leaving an uncluttered central aisle for serious loads - accessible via the double opening back doors. Call our motorhome sales team on 01202 Tribute Panel Vans at Solent Motor Homes in
