Six beautiful Coton de Tulear babies looking for their forever homes. Mum and Dad are my much loved pets. The puppies were born on 26/01/2017 and will be ready for their new homes from 31st March. Coton de Tulears are beautiful fun loving dogs, that love to play fetch as well as snuggle up with you AND they do not shed hair. They will have their first vaccination, microchipped, wormed, health checked by my vet and have a puppy pack. Please feel free to call and ask any.
