Purchased June 2015, with 84'328 miles on the clock Five former keepers 5 - door, tape cassette radio, sunroof, manual windows New battery June 2015 New exhaust April 2016 (have receipt) Advisories from last MOT- nearside and offside front brake hoses slightly deteriorated, cooling fan noisy, nearside front tyre worn close to legal limit. Areas for attention after professional inspection on 18/01/17: Both front tyres need renewing (38.00 each)\* C/S Drive shaft gaiter adrift (30.00)\* temporary cover to prevent dirt getting inside Fan/Drive belt (50.00)\* New radiator fan motor (55.00)\* \*all approximate prices, can of course be sourced second-hand for less. Some knocks and dents (not my doing!) and a little rust below back windscreen (see photos). I'm an open and honest seller. This car has been an excellent little runner and served me well, but as you can see it now needs some love and attention, which is reflected in the price. I unfortunately don't have the money or know-how to do the work myself. However, for someone who knows what they are doing I think this car is a great little project to have fighting fit and road worthy again in no time. Would like gone by the end of this month (January), preferably this weekend. Viewing welcome, do contact me for any inquiries. Many thanks. ;
