Fiat 500 Instrument Cluster Repair (2000-)

£150

The Fiat 500 dash failure is quite a common fault and on this type of odometer it is usually caused by internal components breaking down within the instrument cluster, we can repair this problem by replacing the damaged components with more reliable ones. We keep in a high stock of all the components for Fiat 500.

The Fiat 500 speedo repair can be done at a fraction of the cost of a new one.
