This gate is fully extendable from 72.5-95cm so it fits into most stairs and door frames. It can even be extended to 132cm if you get hold of the further extenders provided you can still find them! It's also a pressure fit gate so that it can fit in most places without screws or additional adjustments needed to the walls, meaning no drill holes when it's time to take the gate down! The gate has both 1 and 2 way openings as well as being self-closing. Overall this was a brilliant gate design, easy to put up yet always very sturdy. I loved the auto close function as you knew the gate was closed when you heard a click so didn't have to check it was properly shut when you're in a hurry! 79 x 72.5 x 4.5 cm 3.9 Kg From a smoke and pet free home in Clevedon, North Somerset £20.00 each (if needed I do have two of these gates so I would accept £35.00 for the pair);
