Becker Map Pilot for Mercedes with slot for it in glove box. If you don't have this slot, consult your main dealer., as they may be able to put one in for you. Excellent condition. Very easy to work. You can also save entries so as not to delete them by mistake. A great feature.I've had a little over 2 years from new. I think it's better than the command one in my new car, which is a bit confusing.Includes USB sync lead. £499 new. This is a superb
