

Volkswagen Transporter 1994 (10 GBP)

Location

South West, Gloucestershire

<https://www.freeadsz.co.uk/x-499122-z>

VW Transporter 2.4D. Ply lined panel van with rear barn doors. Full service history for last 4 years inc: brake hoses, new heater, injector nozzles, exhaust system, new radiator, glow plugs, refurbished fuel pump, clutch, fly wheel, alternator, alternator belt, auxillary belt, water pump and starter motor. All receipts available on request. Some surface rust in seams which have been treated with 'krust' and primed. Some rust on edges of wheel arches but otherwise solid. Dent by sliding door has been treated, primed and filled to prevent rust but could do with tidying up. Surface paint on bonnet has stone chip marks but primer underneath undamaged. Needs new top roller and arm on sliding door. Not the prettiest T4 on the market but reliable and ready for work or conversion. Roof bars included. Started life with Derbyshire Police as an 'obs' van for about nine years, then used by a satellite dish installer until I bought it in 2012. Since then it has been used as a day.
