I have a brand new, never used Weatherbeeta Pony Size black web harness for sale (still in carry bag). I am also selling with it a 2 wheeled plywood trap in need of renovation, although it could be used in the condition it is in. It just needs varnishing and painting after a quick rub down - the perfect winter project! As you can see in the photos the trap has been taken apart for ease of storage, but it is easily put together with the parts provided. Nothing is missing. I am selling these as I no longer have the pony it was intended for. The following are details of the harness from the manufacturer: This Nylon Driving Harness has the best English pattern saddle on the horse back. It has fully padded bottom to ensure maximum comfort for exact fitting.

- *It has padded under girth and very strong double layered upper band strapping for overall circumference.
- * It has fully padded breastplate to ensure maximum comfort.
- * Traces are two layered.
- * It has fully padded back plate (breaching) to ensure maximum comfort.
- * Driving Reins are with 3 buckles.
- * Headstall is designed as per English pattern; the winkers are made of nylon with iron plates insides
- * It has double layer and stitched nose band.
- * Crupper is with the nice handcrafted tail part made with leather provided two buckles for easy fit.
- * It has tan color driving reins for easy driving. TRACES Width: 22 mm

Length: 195 cm
REINS Width: 15 mm
Length of Each-side 400 cm
