

Pair of heavy Metal Gates, each approx 5 feet square (50 GBP)

Location

Wales, South Glamorgan

The gates are quite heavy, being made from approx 1 inch square tubing and flat bar. They would benefit from a lick of paint as they have been sitting at the back of my garage for some years, I don't think they have ever been fitted. They are 5' x 5' approx and have tubing welded on one end of each gate to allow them to slot onto spigots (not supplied) on a gatepost. Buyer to collect.
