SJ's Cleaning Services specialize in residential window cleaning. We define basic window cleaning as general cleaning of the glass, sill and framework of the window.

With our general cleaning we do light paint removal, we remove bird & insect debris, spiderwebs, light stickers removal, and always take care of the hole window, not just the glass.

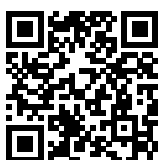

SJ's Gutter Cleaning use traditional methods for gutter clearance. By using ladders, we are able to get up close & personal to the guttering & can check all seals & unblock all down pipes, leaving you with clean, leak free gutters
