Our girl has self whelped a litter of 4 healthy pups. All have been thriving on her 24/7 care to date and will continue till they are ready to leave for their new homes on 24th February.

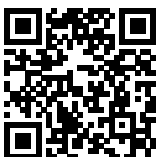

The pups live in our very clean home and as part of our family unit, along with our cat. When leaving they will be very used to every day household noises and as handled daily, will be very sociable.

When leaving all pups will be microchipped and have had their first inoculation. They will have also been de wormed at the correct intervals and will have been checked by our vet, you will receive a vet report for your puppy.

When taking your puppy home you receive a goody bag containing pregnancy scan picture from week 4 of Mum's pregnancy, food to start you off, blanket, toy and a record of your pups progress from birth plus 5 weeks free insurance.
