

Coronet Major Woodworking amp Combination Lathe For Woodturning and Carpentry

Location

South West, Wiltshire

<https://www.freeadsz.co.uk/x-500266-z>

This is the well-known and respected Coronet lathe "The Major" for woodworking and turning. The lathe has had a single enthusiast owner and has been kept in immaculate condition. It comes complete with saw table and numerous accessories and extras (see pictures here and on www.peterwhitfield.com/lathe/). It has a smoothly running Gryphon electric motor, with a belt-driven reduction gear for altering the turning speed to suit the task in hand. It includes a purpose-designed workbench incorporating a store cupboard and a wooden collecting bin for sawdust (though the latter is not in as good condition as the rest). £350 or near offer. Buyer collect only on account of the weight and bulk. Hawkesbury Upton, South.
