South West, Avon

Six Heavy Duty Pressure Impregnated 5ft x 6ft fence panels! THESE ARE NOT YOUR USUAL DIY STORE QUALITY PANELS! They are less than one year old and in that time as well as being pressure impregnated they have been treated three times with Cuprinol Autumn Brown wood preserver. They have been carefully taken down and nails have been cut with a nail saw therefore no damage has been done to the end batons. I can offer FREE LOCAL DELIVERY! So grab a bargain! If you have any questions please do not hesitate to contact!
