Ikea besta burs white high gloss double desk and matching wall shelf can be used as instant office or fabulous dressing table area in modern boudoir! vgc barely used Rare now Leeds.

Collection only. Some of the pictures give you a great idea of how to utilise these 2 items if not brought together.

Fabulous desk with easy 2 people working at yet slim so won't take up much room. For example this hall is just over 5ft wide yet it looks far bigger with the desk and matching wall shelf. I even have very substantial chairs positioned and plenty of room.

These are a matching pair so the wall shelf/cupboard are the same width. Beautiful combination. I really don't want to sell. Moving home and new home is full renovation job so some furniture has to go.

Both desk and shelf/cupboard are 180cms wide. Both assembled. Desk rarely used but has one small scratch see last pic which any laptop pc or vase will cover. And normal wear but little used. Shelf was fitted above but never had anything in it. Fabulous set. Pick up only Leeds . I really don't want to part with them but might have to at the right price! Hence the price.

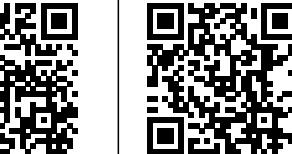

It's covered with plastic sheeting to protect at the moment. shelf now off the wall.

Pick up only asap
