Bill Yates ran a very popular newspaper tipping service for many years & won many hundreds of pounds for his grateful clients. However, due to ill health had to retire & so decided to sell his system to the public for £2,000 (which most people can't afford anyway). Only takes about 5 minutes to calculate & easy to operate. A good system. As I know this system I no longer need my copy so am prepared to sell it for only £5.00 & I am willing to post it to you if.
