This cooker is only one year old and it is in an excellent condition, everything is in working order as follows – four burners, grill, oven and 2 x lamps (in the grill and oven). My wife mainly use the burners and we never use the grill at all hence the tray is spotless clean as we have never use that either and use the oven 3 times. It comes with bayonet pipe that you plug it into the gas mains connector – I would advise that you 'must' call the gas safe engineer to get it connected for a small fee. It also comes with a manual booklet as seen on photo. The buyer will be responsible to collect the item from Birmingham near by M42 exit either junction 4 or 5 therefore you will need a reasonable van to take it away. Any questions please do not hesitate to contact.
