16 year old 16.1hh tb gelding for sale.

He has potential to be a great dressage horse and to compete in this discipline. He has had some previous training and he is an intelligent horse who is always willing to learn.

He needs a confident yet sympathetic rider who can take him to his full potential.

He is a lovely kind horse with a good temperament and he loves cuddles. He has excellent ground manners in and out of the stable.

He can hack out alone and in company where he can go in front, in the middle and at the back.

Because of his lovely nature, he settles well in a new home and he enjoys the company of other horses.

A sad sale of a gorgeous horse with a very kind and loving temperament, only for sale as I am wanting to jump but his strength is dressage!
