

BRAND NEW BATTERY OPERATED CAR POLISHER 18 VOLT 1 x Battery-operated car polisher 1 x Rechargeable battery pack 1 x Battery charger 2 x Terry cloth bonnets 2 x Synthetic polishing bonnets 1 x Operating manual PERFECT FOR A CHRISTMAS PRESENT © Technical Data Battery-operated car polisher PARKSIDE KH8888 Rated voltage: Idle speed: Sound pressure level: 60 dB (A) Buffering plate: Rechargeable battery pack: Rated voltage: Capacity: Energy content: Battery charger: Primary: Rated voltage: Rated power: Secondary: Rated voltage: Charging current Charging time: Protection class: Noise and vibration data: Measured values for noise are determined in accordance with EN 60745. The A-weighted noise level of the electrical power tool are typically: Sound pressure level: Sound power level: Uncertainty K: Wear ear protection! Evaluated acceleration, typical: Hand / arm vibration a_h Uncertainty K = 1,5 m/s² The vibration level given in these WARNING! instructions has been measured in accordance with a standardised measurement procedure specified in EN 60745 and can be used to compare devices. Different uses of the device give rise to different vibration levels and in many cases they may exceed the values given in these instructions. It is easy to understand. Introduction / General safety advice for electrical power tools 18 V n = 3000 min⁻¹ Ø 20 cm 18 V 1,5 Ah 27 Wh 230 V ~ 50 Hz 60 W 18 V 2600 mA approx. 60
