Here I have a netbook (small laptop) in Sapphire Blue and it is in an excellent condition. The OS is 'Windows 7 Starter' and the size of screen is 8.9 inch. The keyboard buttons are working fine and I have included the software : Word, Excel, Powerpoint and one note. Google chrome and antivirus also included, with the virus you need to update when and necessary. Ideal for youngsters birthday gift. It comes with the cable to plug in the mains. It will be packed securely when posted. If you want this item to be posted it will be courier tracked with an additional fee of £3.50, I'll accept cheque and the item will not release until the cheque has been cashed. If you have any further questions, please do not hesitate to.
