Hi There,

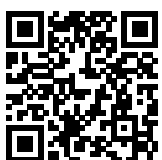

I'm Myles. Have lived and worked in London most of my life and have recently moved down to Brighton with my wife and two children. Starting to relocate my business to the South Coast so I don't have to travel to London anymore!

I do all types of plumbing and heating work. Boilers, radiators, leaks, anything really.

I am also happy to do some handy man type work if you need it too. I will consider any work and be straight and direct if I think its not in my skill set.

I can work on an hourly rate, or price whole jobs if that works better for you.

Please give me a call or text any time.
