nTireLCM from SunSmart Global in UK, Dubai, USA & India is one of the Compliance Management Software Solution helps organizations who have presence across geographies in controlling the corporate governance in accordance to Government Regulations. It is estimated that every organizations have approximately 3500-5000 compliance points at single location and for organization spread across geographies, this number multiplies the points and it is impossible to tracks & identify fake compliance reporting by employees. SunSmart's nTireLCM aims at providing comprehensive compliance monitoring and tracking solutions to safeguard the integrity of corporate policies and procedures thereby improving the quality of the Organization's compliance. Corporate Compliance Management Software not only schedules the compliance activities with calendar entries into Outlook, Mobile Calendar, Email & SMS notifications, but also maintains compliance documents attached digitally for control at any point of time.
