'Champion Caucasians of Somerset Trust' are pleased to announce the coming litter from 'Asha our stunning bitch sired by our own very young male 'Diesel'.

The puppies due date is 18/02/2017

We breed these dogs for our own requirements. We need big solid guard dogs to look after the property, that are equally at home with our young family and especially our 2.5 year old daughter.

Our aim is to uphold the breed characteristics and to breed top quality Russian dogs on British soil. We hand pick the dogs that join our breeding program based on our needs and we are always looking to add to our current dogs; but only if they are of top champion quality and of the correct temperament.

They are and will be loyal, like any other dog I've ever owned before, but they are extremely loyal to their owners and family and friends but also very protective of their territory. They love nothing more than being around their family, albeit sometimes from a vantage point overseeing things. They LOVE to play.

If you are interested in one of our puppies you will need:

-
- A very big garden or preferably acreage of land
 - Very secure perimeter fencing/walls at least 6ft high
 - Time to interact with your dog
 - A calm assertive demeanour

Both dogs will be available for viewing at strictly selected agreed times.

To discuss reserving a puppy you can email us at: [click to contact](#)
