

Dedicated Virtual Employee for Your Web Development Work

Location

South East, Middlesex

<https://www.freeadsz.co.uk/x-501757-z>

We, Team7India provide you with highly talented IT professionals with advanced communication and project management tools... You provide us with your staffing requisites and we will supply you with skilled IT professionals who are the most suited for your requirement. We can setup a video interview between you and candidates as well as conduct technical testing/evaluation before you recruit the candidates. We can change the hired virtual Employee at any time if you are not satisfied with him/her. We handle all administration HR related activities and also provide private internet connection which provides you the provision to block Emails, Social media and other websites on your dedicated employee's computer Working hours of virtual employees can be fixed from your side. Also our line managers will be working closely with you, on a day-to-day basis and they will be the point of contact.
