

# Hi Fi Units Amplifier CD unit speakers and stands (32 GBP)

Location

South West, Gloucestershire

<https://www.freeadsz.co.uk/x-502270-z>

This is an oldish Hi Fi system, used up until a couple of yrs. ago when I put them into storage for my house refurbishment. I now no longer have need of any of these items which are:-  
 1. Yamaha amplifier AX-430 (Made in Japan)  
 2. Yamaha stereo cassette deck KX-200 (Made in Japan)  
 3. Philips CD Player CD610/05R  
 4. Celestion speakers 310mm x 185mm. The speakers have suffered cosmetically in storage as shown in the photos, but should be redeemable with some tlc. There are wall stands to go with the speakers. All were working well when they went into store, but I haven't checked them out since. I would be happy for you to come and try them out! If you need further information, please do not hesitate to ask. I am asking £32 for the lot, or will split if needs be. Viewing invited without.
