

London Swimming School for Kids and Adults Elite Swimming School

Location **London, London**
<https://www.freeadsz.co.uk/x-502308-z>

Our classes are held in a beautiful private indoor swimming pool in Golders Green where the water temperature is kept at a cozy 32°C that is ideal for babies and toddlers. If you are reading this, we know that you understand the importance of learning to swim at a young age. We want you to know that we understand that as well; all our lessons are designed to offer maximum support to the little ones' minds and bodies to develop so that they not only develop their natural reflexes but also progress to become independent little.
