

Two female professionals looking for 2 bedroom flat (1,400 GBP)

Location **London, London**

We are two young professionals (21 and 23 years old) who are looking for a 2 bedroom flat in North West London.

We are currently living in Ealing Broadway but we would love to find a new home closer to Central London.

For us, a clean and tidy environment is very important and we would prefer an unfurnished flat with a balcony if possible.

Both of us enjoy living in London, we like to spend time outside exploring the city. We love our nights out with friends as much as we like spending the evening on the sofa binge watching movies. Travelling is also an important part of our life, we like to bring souvenirs from all over the world to make our place look more comfy.

As we are very animal friendly, we would like to add a cat to our household.

We are looking forward to hearing from you soon.
