This bike is the last of the great Steel framed super bikes. Made from Columbus Nivachrom Max it is light, flick-able and wonderful to ride. It is in amazing condition for its age having been cared for diligently over the years and had a long lay off. It has a brand new XT cassette and chain, All gearing is XT. All is original with Richey Logic Brakes, SRAM twist grip shifters. Mavic wheels. Must be seen to be appreciated it is a one off being 95 XT spec. on a better 96 frame.;
