It's been an absolute pleasure to own and drive, it's been 100% reliable and although it has a cd player, I've never used it due to the engine note being better than

music.

As you can see from the photo's it's in good condition, the paintwork is great with only 1 very minor mark on the boot. The roof is in great condition and completely

water tight. The interior is fairly good too, one small piece of carpet missing in the passenger foot well a piece of stitching beginning to come undone on the drivers

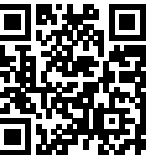

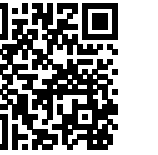

seat though it's not ripped. It has electric windows though the drivers side window operates fairly slowly.

The wheels have just been professionally refurbished and are in fantastic condition with good tyres all round.

It's had the exhaust system to the V8 exhaust and it sounds phenomenal.

It starts first time every time and completes long journeys daily without fault
