My partner and I are looking for a 2 bedroom house with a garden in Weymouth/Dorchester or the surrounding area. We are a friendly and reliable couple who both work within education in the local area. We have a well behaved dog so a garden/outdoor space is essential. We need to move quickly due to our landlady's change in circumstance, therefore we would like to rent privately and avoid high fees. Parking (private or on street) is also essential as we have 2 cars. We can provide a favourable reference from our current landlady. Our budget is £650-£800 pcm. Thank You
