Cracking commuter bike, or bike for the weekends. This bike is suitable to be ridden on the A2 license. Due to its high MPG and comfortable riding position this makes an excellent commuter bike. Very reliable and economical, but also really flickable on the country roads. I sat my RoSPA test on this bike which involved spending a lot of time on twisty B roads. Less than 100 miles since last full service. Brand new Pirelli sport demon tyres fitted at last service. All original parts except new battery and sliders fitted to protect the fairings. Two cosmetic scratches (photo's shown) and the bike could use a new rear brake light switch. Quick cheap job but haven't had the time to do it yet. Would consider selling Abba Bike stand & fittings (RRP £100) and Oxford Oximiser 900 (RRP £30) at the same time. 2 keys, taxed and MOT until end of July. Selling it as I'm moving and will no longer be able to ride it. Feel free to phone or email me for more details. Sold as.
