Since 2016 changed its name to Occitanie. Until late into September, you can still enjoy very pleasant temperatures here. – The area is stunningly beautiful and is characterized by its diverse nature, with valleys full of fruit trees, vineyards, tropical plants and trees.

There are limestone plateaus with deep gorges and caves, carved by the many rivers that flow through the region. The many lakes and rivers which cut through the area are made even more beautiful by the numerous markets and activities. The area is ideal for sports lovers, whether cycling, hiking, climbing or fishing. Here, the scenery is beautiful and the climate is perfect. The area is also a haven for those who love the outdoors, with its many outdoor pools, jacuzzis, saunas, and approximately one hectare in size, which is large enough for relaxing in and around the house. Our accommodation is classified by "Lot Tourisme". We would like to share the good life with you, making your holiday unforgettable. We wish you a warm welcome in one of our bed and breakfast rooms, or in one of the gîtes. Or maybe you'll be interested in renting our campervan, a very different way of life! We are certain that you will feel at home with us, thanks to this beautiful region and our warm.
