Coffee Slender - Scandinavia's No 1 Slimming Coffee Scandinavia's No1 selling slimming coffee for over a decade with global sales of 2.5million units.

Coffee Slender uses the green coffee bean extract which regulates blood sugar levels and increases the bodies metabolism while also increasing the coffees antioxidant count 600%.

Coffee Slender is also a healthy coffee because it has much lower caffeine content of just 60mg, compared to a high street cup which is 260mg.

Coffee Slender has been proven in studies to give users weight loss just by replacing their coffee. Body Slender is a subsidiary of Immitec – one of Scandinavia's largest consumer health and medical supplement companies. We are so confident in our product range that we offer an unconditional 30 day money back guarantee on all of our products. More information and webshop :
