

2004 Orkney 440 (5,800 GBP)

Location

South West, Cornwall

<https://www.freeadsz.co.uk/x-505321-z>

Very reluctant sale of our lovely 2004 Orkney 440. Excellent condition and very well looked after by us and the previous owner. Original gel coat and no paint overs to be seen! She is antifouled but never been on a mooring. We've had her for 4 years and in that time she's taken us everywhere we've needed in terms of coastal fishing around Cornwall. Very seaworthy for a small boat and so easy to handle/launch. Single handed launching is a breeze especially as she's on an Indespension Roller Coaster trailer which again is in superb condition. She can be towed by a small car (We have a Mazda 2) without any problems. Powered by a 2009 Yamaha 20 (4 stroke) she planes easily with two of us and our fishing kit on board (we're no lightweights either!) The engine is a power tilt and electric start with full remote control. A 20 mile round fishing trip will cost about £12 in fuel! She comes with Lowrance HDS-5m Plotter and a Lowrance Elite 5X HDI Fish Finder. Both units were new two seasons ago. An Icom IC - M35 VHS handheld radio (inc charger) is also included. So, she will come with everything you need to get out on the water including a 2015 2.5 HP 4 stroke Parsuns auxiliary motor (this has never been used apart from starting every now and again so under an hour running time) These superb little Orkneys are very sought after so we're asking a fair price but are open to offers. Please, no time wasters or silly.
