I am looking to sell my car after moving cities and no longer need to drive to work. I car share in my partners car if we need to travel anywhere. For the last few months it's been used twice a month and is kept in a secure gated parking location behind my apartment.

The car has very low mileage for its age at just over 41,800 at the time of writing. It's in stunning condition, starts every time and a real head turner. It has full red leather seats which are heated on the driver and passengers, full leather interior in excellent condition, electric sunroof (Glass tilt/slide) climate control, cruise control, alloy wheels, CD and radio player, electric windows (front) and had 2 new tires fitted 6 months ago.

Passed MOT as of Feb 20th 2017. Plenty of service history comes with book to prove. Last one was done in March of this year. (2016) Comes with 2 keys and 2 fobs. Great boot space for a coupe. Cosmetic scratches on alloys as shown in photos body work has superficial scratches but overall in great condition as well as the interior.

Collection to be arranged. Please no time wasters. I want my car to go to the right person who will appreciate it. Car is advertised else where. (Based in).
