Free 48 hr delivery on this product Free MTB Helmet with this bike With the Z6 eBike you get the best of both worlds. A fully capable mountain bike with Shimano 21 speed gearbox, large 26 inch wheels and off road adjustable suspension, plus a convenient electric bike for commuting and general transport that looks fantastic. During the week take advantage of the electric power system to nip around at a fraction of the cost of a car or motorbike and then at the weekend hit the trail for some off road fun. The bicycle is available in white or black. DETAILS Brand new version with LCD control panel for greater setup control and information! The Li-Po battery is nicely disguised as a drinks flask and securely attached to the aluminium frame. The brushless motor has plenty of power and will push the bike to the UK maximum legal speed of 25KM/H making it totally road legal. The intelligent throttle system makes operation very easy. Just select how much help you want from the electric system using the easy selector, start pedalling and the motor will assist. Alternatively use the twist throttle to engage the motor like using a motorbike. Please note with this new version the maximum speed the bike will go without moving the pedals forward is 6km/h. Once you start pedalling you can then use the hand throttle to 25km/h even if you are pedalling very slowly as long as they are going forward. Other features include kick stand, battery life indicator and rust resistant chain.
