Candy Ffour is a cold moulded plywood craft designed by Uffa Fox and manufactured by Jack Chippendale in 1962. It is number 566 on the sail. The keel is detached and on the trailer next to the boat. It comes with mast, boom, sails, battens, spinnaker poles, sheets, rudder, tiller. It needs major surgery and a paint job, but with someone who has a workshop with power and light and some woodworking skills it can be restored as a classic.
