This countax x series automatic ride on mower has had limited private use and regularly maintained. In outstanding condition ready for the coming season.

The beauty of the artic steer enables you to cut around trees borders and difficult places and turns on a sixpence. 38 inch cut.

A powerful 15 .5hp Briggs and stratton engine makes very light work of even the toughest of lawns. 38 inch cutting deck that engages at the push of a button

Very simple to operate with its foot controlled hydrostatic pedals and fully automatic.Auto brakes so take your foot off of the pedal and it brakes. Also cuts in reverse.

Mulching deck so no grass to collect, automatic push button start and push button blade engagement, powerful headlights should the wifey send you out at night to cut the lawn.:))
 Overall a very nice well looked after ride on mower and hard to find in this condition.
 possibly interested in a nice walk behind self propelled mower in part exchange.
 possible local delivery.
