

# Kawasaki Winter Project Kawasaki GT 550, 6000 rebuild 5 years ago (1,395 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-508632-z>

All offers welcome, was restored 5 years ago at a cost of £6000 but we are not looking for anything like that. Needs recommissioning after its long sleep. Came into us as a runner with mot several years ago but we are now selling as a winter restoration bike and as we are so busy building and repairing bikes that we just don't have the time to spend on it so selling as a non runner. The bikes chrome is generally very good and there is loads of tread left on the tyres, but they will need replacing, the paintwork is good quality and is acceptable for everyday use. We are based near Gatwick and can arrange delivery in England for £100 others please ring for quote. For its condition this is an absolute steal so no silly offers please and no texts will be answered only phone calls please. 07962495888 079624958...(click to reveal full phone) .
