

Aerial Phototography And 4k Filming Kent

Location **South East, Kent**
<https://www.freeadsz.co.uk/x-509025-z>

Flyby Photography are based in Ashford, Kent and operate throughout the UK. We offer aerial imaging services to the private consumer and construction industries, as well as estate agents and production companies. We are CAA licensed and insured to carry our commercial operations, and have a dedicated pilot, and a separate camera operator if the job requires. We capture images in RAW format and edit appropriate, and can capture film in stunning 4k. We are licensed to fly up to 400ft and at a distance of 500m from the pilot, enabling us to capture shots not previously possible! Property Photography- we offer services to both the private consumer and marketing sector, capturing property from above, and also have a hand held gimball to film property interiors in 4k for virtual tours. Weddings- We can compliment your wedding photographer and give you stunning 4k footage of flyovers of your guests and venue as well as ground based filming. Construction- Offering site mapping services, as well as timelapses of works. Inspections- Offering a cost effective solution to expensive scaffolding for pre works surveys. For more information, Please visit: www.flybyp photography.co.uk click to contact facebook.com
