Light weight two birth caravan including motor mover. Very good condition and well-looked after. Owned by non-smokers, no damp present, water heater included with blow-air heating, and appliances in good working order (never had an issue). Lovely to tow and would suit individuals whom only have 3500KG as it only weighs 950KG (empty) and MTPLM 1140KG. Comfortable, clean and tidy. Only selling considering I am wanting an upgrade. More pictures of the Caravan can be sent personally upon.
