

XM230 Inflatable Dinghy (180 GBP)

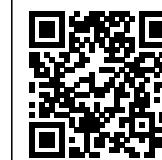

Location

London, London

<https://www.freeadsz.co.uk/x-509102-z>

XM230, hardly used, no patches, holds air no problem. Includes oars, pump, repair kit and bag (which has a small rip in it). The clip on the bench seat is broken on one side but should be easy to replace. The following description is more or less my dinghy. I bought it a few years ago, but it's only been used a handful of times, It's been kept inside all the time. It's the slatted floor version, which I prefer as it feels more solid, but weighs only a bit more. I can put it in the water myself. Perfect for a bit of summer fun. Fits nicely in the boot of the car when deflated. "XM230C Inflatable Dinghies XM Yachting has always led the way with competitively priced high quality inflatable boats. Now the range is consolidated in to two dinghies available as standard with a slatted floor, and an optional inflatable floor. All boats meet the requirements of international standard ENISO 6185-1, European Community, CE, and a number of national standards. A programme of scientific research and development for construction and design has achieved the high quality. In addition only top quality fabrics and durable fittings have been chosen, 1100 "Decitex fabric" supported by top class manufacturing, rigorous quality control and the comfort of a 4 year warranty on fabric and seams.
