

Assisted Bath and Massage (choice of) by Hanamachi Sensual South massage therapists

Location **South West, Hampshire**
<https://www.freeadsz.co.uk/x-509382-z>

Hanamachi Sensual South offer a genuine professional massage service and relaxation therapies for out call or in call in Portsmouth and Southampton Hampshire UK, for stress relief or pain management. What makes us different - our ladies are genuine practitioners, we are not self taught and unlike other services we have industry qualified therapists and able to perform remedial massage treatments.. We have developed the assisted bath as an alternative to the bathing ritual and pre-massage shower...

Combine your massage with the luxury of a hot aromatic bath, refreshing face deep cleanse and complete body scrub. Your lovely professional therapist will have your bath ready for you to step into, feel her hands gliding all over you, face and body as she applies the cleansing purifying face treatment and body scrub then sink into the relaxing aromatic bubbles. Lie back, close your eyes and relax while your chosen therapist uses her hands to gently rub away and remove the application making sure that every part of you is clean before being wrapped in warm towels, dried and led into the relaxing atmosphere of the treatment room to begin your massage.

Swedish and other remedial massage available POA
