2011 CI CARIOCA 7 BERTH MOTORHOME

This Motorhome sleeps 7 people (7 seat belts)

These include a wild-camping package (Huge 120 watt solar panel and large twin leisure batteries, ensuring plenty of power when not connected to mains power.) This Motorhome can be completely mains power independent. We have also fitted an Avtex 12v television and a Tracvision fully automatic satellite television system. This is a very expensive system that tracks 3 satellites at a time giving a massive range of tv stations throughout UK and Europe, at the touch of a button it locks automatically to all satellites within range.

The Motorhome also benefits from a 4 metre Fiamma wind out awning ,bike rack for 3 bikes ,and 7 inch mirror reversing cameraas well as cruise control ,and wood effect dash board upgrade. It also has a roof rack and ladder fitted.

There is a gas hob with oven, 3 way fridge, Truma gas water heater and Webasto diesel Air-top heating system.

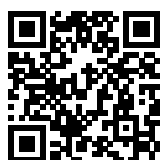

This Motorhome has also been fitted with a 'Gaslow' re-fillable cylinder system allowing top up at any auto-gas garage at a fraction of the cost of calor gas.

This is an absolute!!
